THE MISSOURI MINER.

Missouri School of Mines and Metallurgy, Rolla, Missouri.

Vol. 9, No. 33.

Monday, April 23, 1923.

Price, 8 Cents.

COMMENCEMENT WEEK.

PROGRAMME OF EVENTS.

SUNDAY, APRIL 29 10:45 A. M. Parker Hall
Baccalaureate Sermon. Reverend George Rowland Dodson, A. B., A. M., Ph. D. Minister, Church of the Unity, St. Louis, Mo. Subject: "A Revised Conception of the Good Life."

WEDNESDAY, MAY 2 9:00 P. M. Jackling Gymnasium
Freshman Hop.

THURSDAY, MAY 3 8:15 P. M. Parker Hall
Play, "Fair and Warmer," by M. S. M. Players.

FRIDAY, MAY 4 2:30 P. M. Jackling Field
Athletic Event.

FRIDAY, MAY 4 5:45 P. M. Jackling Gymnasium
Banquet in honor of Dean Isidor Loeb, Acting President of the University of Missouri, tendered by Graduate Students, Faculty, and Seniors.

FRIDAY, MAY 4 8:00 to 10:00 P. M. Director's Residence
Director's Reception to Students, Faculty and Visitors.

SATURDAY, MAY 5 10:00 A. M. Parker Hall
Commencement Exercises. Address by Jay William Hudson, A. B., A. M., Ph. D. Professor of Philosophy, University of Missouri. Subject: "The American Trend." Conferring of Degrees, Acting President Loeb, University of Missouri. Conferring of Commissions in U. S. Reserve Corps, Colonel William Ernest Persons, U. S. A. (Procession will start from Norwood Hall at 9:45 A. M.)

SATURDAY, MAY 5 8:30 P. M. Jackling Gymnasium
Commencement Ball.

Committee in charge: C. V. Mann, F. E. Dennie, J. W. Barley, W. W. Wanamaker, H. H. Armsby.

ABSTRACT OF PROCEEDINGS OF MEETING OF SENIOR COUNCIL THURSDAY EVENING, APRIL 19, 1923.

A letter from the Miner Board in answer to a suggestion by the Council that the Miner invite the former members of the Board to return, was read.

The policy of the Miner Board as stated in the letter is as follows: "We hold that, since the fraternities with-

drew from school activities of their own volition, the petition for reinstatement on the Miner Board should come from them and not from us. However, should any of their men desire to return, the Miner Board will consider each case individually on the basis of the man's worth to the Miner, realizing that many of the men who resigned have, in the past, shown

Continued on Page Two.

PHI KAAPA PHI INITIATES NEW MEMBERS.

Before the lecture by Dr. Sparks on Monday, Dr. L. E. Woodman, President of the local chapter of Phi Kappa Phi, a national honorary scholarship society, presented certificates of membership to the seven men of the present senior class who had made the highest scholastic record during their four years in college. These men are: M. L. Frey, J. L. Gregg, Lynn Harbison, G. A. Zeller, W. A. Werner, W. S. Frame, A. B. Jewell.

The initiation proper was held that evening at the home of Prof. George R. Dean. After the ceremony there was a general social time, followed by refreshments.

The initiation was withheld until such time as Dr. Sparks could be here. He is Regent General of Phi Kappa Phi, and is working thru that organization as a means to obtain his ideal: Better American Scholarship.

NEW REGISTRATION SCHEME.

In order to distribute the load during registration days the following plan has been adopted by the Faculty: The student body has been divided into ten (10) sections alphabetically. Each section is assigned to a definite hour during which all students in that section are to secure their schedules and complete their registration if possible. The order in which these sections are to report has been determined by drawing them from the proverbial hat, and are as follows:

Names A-BI, inclusive, Monday, Aug. 20th, 9-10 A. M.

Names L-M inclusive, Monday, Aug. 20th, 10-11 A. M.

Names W-Z inclusive, Monday, Aug. 20th, 11-12 A. M.

Names Bo-C inclusive, Monday, Aug. 20th, 1-2 P. M.

Names R-S inclusive, Monday, Aug. 20th, 2-3 P. M.

Name G, Monday, Aug. 20th, 3-4 P. M.

Names N-Q inclusive, Tuesday, Aug. 21st, 8-9 A. M.

Names T-V inclusive, Tuesday, Aug. 21st, 9-10 A. M.

Names D-F inclusive, Tuesday, Aug. 21st, 10-11 A. M.

Names H-K inclusive, Tuesday, Aug. 21st, 11-12 A. M.

Any student who fails to secure his

necessary papers during the hour assigned him will not be permitted to register until Tuesday afternoon, and can register then only after payment of the late registration fee of one dollar (\$1.00). There will be no remission of this fee for any reason.

Students registering after August 21st will be charged the late registration fee of five dollars (\$5.00), and will also be charged with absences for all classes which they miss.

A complete set of instructions covering the new registration scheme will be handed each student as he enters Parker Hall. These instructions should be carefully read before taking any steps toward registration. On the new plan the student does the greater part of the clerical work, and errors in the work will mean doing it all over.

Continued from Page One.

their ability to serve the Miner well, It will be distinctly understood that the re-election of any of these men to the Miner Board does not necessarily mean that they will be elected to their former positions."

The matter of pledging was brought up. It was the idea of certain members of the Council, that a better feeling would arise in the school if the Freshmen were given more of an opportunity to get acquainted with each other, and more of an opportunity to get acquainted with the members of the various organizations before allying themselves with any one of them. Freshmen would be pledged at the beginning of the second semester.

It was realized that this would be a radical change from the present system, and the plan in mind was to commence this system year after the next, so that the organizations would have one year to prepare for this plan.

However, there was considerable sentiment against this plan, and it was abandoned.

It was desired to make certain rules against pledging members of the Independent athletic teams previous to or during the season of the Inter-Organization basketball and baseball contests, and a committee of three was appointed to make this rule.

A necessary by-law covering the swearing in of alternates, who temporarily fill the place of the regular members, was suggested. It was realized that circumstances may arise that may require the immediate attendance of an alternate, and that there would have been no opportunity to administer the oath before a mass meeting. It was suggested that a by-

DON'T FORGET IT!

Forget what? Why, the Miner Bowery Dance next Friday nite in the Gym. Vaselino, the Bowery Knock'em-Dead, has his striped jersey, his checkered pants, purple socks, yellow shoes and King Tut necktie ready even now. Are you going to let him outdo you? Well, I should say not! Get out your own Bowery outfit, tell your girl to do likewise, and appear on the scene at 9:00 P. M., April 27th, for the best get-together of the school year.

So this week, when a member of the Miner Board approaches you with tickets, buy one. You can't afford to miss this dance. Remember, no one admitted unless in Bowery costume.

law be made permitting the oath of office to be administered by the President of the Council in the presence of the regular members of the Council.

The maker of the motion was instructed by the Council to make a by-law in writing and bring before the Council at the next meeting.

The following rules governing class elections and elections for the Athletic Association were passed by the Council:

1. All candidates for class offices and Athletic Association must submit a petition signed by fifteen men, who are eligible to vote on the office in question, to the Senior Council two weeks before the election is to take place. The names of these nominees will be posted on the bulletin boards and published in the Miner. Each candidate will conduct his campaign as he thinks best.

2. The elections for the Athletic Association and all classes, with the exception of the Freshman class, will take place the third Saturday after the first Monday after the commencement of school in the fall.

The elections in the Freshman class will take place on the fourth Saturday after the first Monday.

3. The voting will be by secret ballot, and will be under the supervision of four men from the Senior Council, one fraternity member, one club member, and two Independent members, these are to be appointed by the president of the Senior Council.

The final meeting of the year will be held at a date to be determined later.

Father: The next time that young fool comes around here I'll sit on him.

Daughter: Oh, papa, leave that to me.

MINERS PLACE SECOND IN THE TRIANGULAR MEET.

The Springfield Teachers, with 71 points, won the annual triangular meet which was held last Friday at Drury. The Miners, with 38 points, captured second place, while Drury followed closely with 35 points. The work of our relay team was especially noteworthy, as the Miners won first place in both the mile relay and the half mile relay.

The athletes were handicapped by a field which was drenched by a heavy rain that fell several hours prior to the meet, and which continued to fall during the entire meet. Although laboring under such a handicap the trackmen made good time in most of the events, which makes their work all the more praiseworthy.

The following is a summary of the afternoons' events:

Discus throw—C. A. Runge, Rolla, first; Abbott, Teachers, second; Phillips, Teachers, third. Distance—118 feet, 7 inches.

220-yard dash—Collins, Teachers, first; Hines, Drury, second; Hoey, Rolla, third. Time—24:1.

Broad jump—Cherry, Teachers, first; Fischer, Rolla, second; Davis, Teachers, third. Distance—19 feet 8 3/4 inches.

Two-mile run—Hembree, Teachers, first; Bousman, Teachers, second; Hill, Drury, third. Time—11:01.

Javelin throw—Hines, Drury, first; Pesout, Rolla, second; Davis, Teachers, third. Distance—161 feet 2 inches.

220-yard low hurdles—Cherry, Teachers, first; Hedge, Drury, second; Reynaud, Teachers, third. Time—28:3.

Mile relay—Rolla, first; Drury, second; Teachers, third. Time—3:52.

Half-mile relay—Rolla, first; Drury, second; Teachers, third. Time—1:40.

Mile run—Lipe, Teachers, first; Hembree, Teachers, second; Martin, Rolla, third. Time—4:52.

Pole vault—Collins, Teachers, first; Fisher, Rolla, second; Cherry, Teachers, third. Height—10 feet, 6 inches.

440-yard dash—Hedge, Drury, first; A. E. Runge, Rolla, second; Hoey, Rolla, third. Time—56:2.

Shot put—White, Teachers, first; C. A. Runge, Rolla, second; Galloway, Teachers, third. Distance—41 feet, 2 inches.

100-yard dash—Hines, Drury, first; Collins, Teachers, second; Cherry, Teachers, third. Time—10:4.

120-yard high hurdles—Freeman, Drury, first; Reynaud, Teachers, second; Gibson, Rolla, third. Time—17.

High jump—Criswell, Teachers, first; Smith, Drury and Abbott, Teachers, tied for second. Height—5 feet, 4 inches.

880-yard run—Lipe, Teachers, first; A. E. Runge, Rolla, second; Martin, Rolla, third. Time—2:09:3.

SIGMA NU GOES INTO FINALS.

By walloping the Vocates 12 to 5 the Sigma Nu earned the right to enter the finals. Schaeffer had the slugging Vocates at his mercy at all times while his teammates were pounding three Vocate pitchers to all corners of the lot. Batteries: Sigma Nu, Schaeffer and Watkins; Vocates, Dennis, Shineman, Snyder and Farrell.

The Faculty eliminated the Lambda Chi by trimming them a second time, 8 to 5. Neil and McBride formed the battery for the losers, while McCollum and Keeling took care of the battery work for the winners.

The Independents lost to the Sigma Nu in a close game, by the score of 5 to 4. Schaeffer did the twirling, while Ledford took care of the receiving end for the Sigma Nu, and Powers and Schaeffer performed on the mound, and behind the bat respectively for the Independents.

The Bonanzas eliminated the Grubstakers by trimming them 12 to 11. Two extra periods were necessary to decide a winner. It was either side's game until the last inning, when Gorman clouted a home run after Arra had singled. Batteries: Bonanza, Kemper, Arra and Sanders; Grubstakers, Rood, Gammeter and Teter.

The Kappa Sigma narrowed down the number of contestants when they eliminated the Prospectors, by defeating them 12 to 11. It was another one of those games in which it is impossible to decide the winners until the last man is out: Batteries: Prospectors, Farris, Eliff and Martin. Kappa Sigma, Cameron and Owens.

The Vocates walloped the Independents 15 to 3, and thereby eliminated last years' champions from the race. The Vocates showed a reversal of form, and hit the old apple all over the lot. Batteries: Vocates, Snyder and Farrell. Independents, Kessler and Schaler.

Is Jerry a lounge lizard?

Yes; but Tomfy's a good lap ahead of him."

How's that?

He's a garter snake.

Let me try on that suit in the window, my good man.

Sorry, sir, but you'll have to use the dressing room.

FOOTBALL SCHEDULE FOR 1923.

The 1923 football schedule will be one of the hardest schedules that the Miners have been called upon to face for some time. Athletic Director Dennie has arranged games with some of the fastest teams in the middle west and southwest, and the followers of the Miners are assured of some real football.

The following games have been scheduled:

Oct. 6—Washington U. at St. Louis.

Oct. 12—Illinois College, at Rolla.

Oct. 16—Southern Methodist U., at Dallas, Texas.

Oct. 26—Kirksville Osteopaths, at Rolla.

Nov. 2—Kansas City U., at Rolla.

Nov. 9—Open.

Nov. 16—Drury, at Springfield.

Nov. 29—Arkansas Aggies, at Russellville.

ANOTHER MINER JOINS

RANKS OF THE BENEDICTS.

The marriage of Miss Mae Sisty to Thomas M. Thompson was solemnized Thursday evening at the home of L. Heimberger by the Rev. Behner, of the Presbyterian Church, Rolla. The bride was attended by Miss Irene Heimberger as bridesmaid, while Robt. E. Richards served the groom as best man. The wedding was a very quiet affair, only a few intimate friends being present.

The bride is a daughter of Mr. and Mrs. R. M. Sisty, of Goodland, Kansas, and is very talented along musical lines.

The groom, known to his friends as Tommy, is a member of the Electrical Engineering class of '23, and a prominent member of the Bonanza Club.

Although the future plans of the young couple are not known, it is thought that they will reside in Rolla until the end of the present school term.

The Miner desires to offer to the newlyweds the congratulations of a host of friends, and the well wishes for many years of wedded bliss.

GYM LOCKERS.

All lockers must be vacated and keys turned in at the Gym office before May 5th. All articles left in the lockers after the above date will be considered abandoned, and destroyed. Please do not neglect to attend to this matter.

F. E. DENNIE,
Athletic Director.

What do you like about her most.
My arms.

THE NEW DAY FOR M. S. M.

In last week's issue of the Miner there was printed a document which we feel safe in saying marks the dawn of a new day for M. S. M., a day in which our one common cause, the good of M. S. M., is put at the top of the list, and the cause of the faction, the group, the person, is put decidedly in the minority; a day in which the false standards by which we have judged and been judged in the past, will be done away with, and in their stead will be set up the standard of a man's worth as a man, and not as a unit of some group. For fundamentally, the constitution of the Senior Council is an application to M. S. M. of the principle upon which our nation was founded, the equality of all men, except insofar as their individual personalities and characters limit such equality. Such a doctrine leaves no room for any faction or factional interest. It is undoubtedly the greatest peice of student legislation ever passed by this school.

Whether from this dawn there will eventually follow the full light of day yet remains to be seen. That part lies with the student body, and how much they do toward bringing to fullest fruition the effort just expended will be a measure of their good sense and breadth of mind. For the Senior Council will be as great as the spirit behind it. It can be neither more nor less. The present constitution and

Council, already functioning, can do nothing without the moral support of every student in school; but with that moral support the Council can do all that it has been set to do.

"FAIR AND WARMER."

The M. S. M. Players wish to announce that their main object in presenting "Fair and Warmer" at Commencement is to help fill out the programme of the week, and to furnish entertainment to the guests who will be here. Since they will not have the usual "split" to make in the profits with some other organization, and since the play is being repeated, they intend to charge only fifty cents admission for this performance.

There has been a delay in securing the parts for the play, due to poor express service, and on Sunday the Players rehearsed without the parts, and found that every one in the cast was almost perfect in his or her lines. With ten days to rehearse, the Commencement performance should be even better than the one last fall, which all agree was the best performance the Players have presented so far. With a successful play, and a reduced admission price, the Players should have the largest audience they have ever had. All students should support the Players in their efforts for a bigger and better Commencement. Advance tickets will be on sale within a day or so. Get one, and see the best show of the year.

CONCERNING THE

BANQUET MAY 4TH.

The banquet to be tendered Acting President Loeb by the Faculty, Graduate Students and Seniors on May 4th will be held in Jackling Gymnasium at 5:45 P. M. The charge will be \$1.50 per plate. As it is necessary that the number attending be definitely known in advance, reservations will be closed Tuesday, May 1, at 4:00 P. M. Tickets may be obtained from Dr. J. W. Barley, M. L. Frey or W. S. Frame.

Those in charge of the banquet hope that all of the Faculty, Graduate Students and Seniors, as well as the members of Tau Beta Pi and Phi Kappa Phi, will avail themselves of the opportunity to attend an M. S. M. banquet. For many it will be the last school function for some time to come. For those who stay it will mean the beginning of a better feeling between M. S. M. and the University, which means a better M. S. M. in the future. Come!!

'20 R. B. Wills is highway engineer at Wellington, Kansas, Box 283.

PROF. LOVETT NOW DOCTOR.

We notice in last week's issue of the Herald that the former Prof. J. H. Lovett now rates the title of Doctor, and judge that his thesis was the letter published two weeks ago in the Miner.

PROF. DEAN RESIGNS

AS REGISTRAR.

Prof. George R. Dean, Professor of Mathematics and Registrar of the school, has tendered his resignation to the latter office, to take effect May 5. His successor is not known at present.

All those who know Prof. Dean in the capacity will appreciate his service to the school. Two years ago, when he took charge of the grade records, there was much to be desired in the way of orderliness and system. Entrance credits were a minus quantity in many cases. During his regime Prof. Dean has remedied all of the above, and leaves his office with everything in ship-shape order.

Prof. Dean will retain his position as Professor of Mathematics, and will continue active teaching. He will also continue his work as Secretary of the Alumni Association. His office will be in the new Bureau of Mines building, as soon as that is completed.

LIEUT. LEWIS E. W. LEPPER

TO MARRY.

The Army and Navy Journal for April 14th carried the following:

Mr. and Mrs. Jonathan Evans Elliot of Fayetteville, N. C., announce the engagement of their daughter, Agnes, to Lt. Lewis E. W. Lepper, Field Art., U. S. A. Miss Elliott is a member of one of Cumberland's oldest and most prominent families, and popular in Fayetteville. Lt. Lepper is a member of the 1st Observation (Flash) Battery, stationed at Fort Bragg.

Lieut. Lepper (better known as Poacey) graduated from M. S. M. in 1921, after a long and varied career, first in school, then in the army, and then elsewhere. After graduation he again entered the service, where he has remained ever since. The Miner extends congratulations.

G. B. MORGAN, '04, RESIGNS

AS STATE GEOLOGIST OF WYOMING.

Succeeded by A. B. Bartlett, '07.

Cheyenne, Wyoming, April 11.—G. B. Morgan, '04, '09, has resigned as State Geologist of Wyoming, to take effect today. He will enter the employ of the Venus Oil Company, the president of which is ex-Governor Robert D. Carey, of Wyoming. He will be geologist and field manager, and has also been elected to the Board of Directors. The holdings of the company are in Texas, Louisiana, Kansas and Wyoming. At the present time the company has production in Texas and Louisiana. Morgan will leave some time this month for Shreveport, to take charge of the local office there.

Bartlett, '07, Succeeds Morgan.

It is announced that A. B. Bartlett, '07, '10, has been appointed State Geologist of Wyoming, to succeed G. B. Morgan. Bartlett has been residing for some years at Glendo, Wyoming.

Ex-'08 W. H. Seamon is efficiency engineer at the United Verde Mines, Clerkdale, Arizona.

'04 R. A. Conrads has accepted the position of technical assistant to the director general of the Negociacion Minera de San Rafael y Anexos, S. A., Apartado 19, Pachuca, Hidalgo, Mexico.

'20 G. A. Kroenlein is sub-surface geologist for the Sinclair Company, with headquarters at Tulsa. He has recently been elected treasurer of the Tulsa Geological Society.

'22 E. A. Keefer is geologist for the Orinoco Oil Company, Apartado 168, Maracaibo, Venezuela, S. A.

NEW ORGANIZATION

ON THE CAMPUS.

With the coming of spring "the boys" of M. S. M. have been stepping around the streets of Rolla with expanded chests, upon which are pinned beautiful pledge ribbons. They stand with that satisfied look, inhaling the wonderful spring atmosphere, and thinking of (?). Yes, there may be some connection between this new organization and that old proverb, "In the spring a young man's fancy," etc.

This organization seems to be of a very dark, secret and mysterious order. However, after much questioning, investigating, and sleuthing, a few facts of this very much popular and growing order has been found. The name of this new organization is The Royal Society for the Furtherance of E. C. The meaning of the letters E. C. being a very dark secret. The pledging is done on the streets, H. and S., and even in the class rooms. Joining this noble order depends upon the "Rushee" answering correctly the "Qualification" question. This also seems to be a very dark and secret question.

Upon questioning the chief organizer, "Ole" Elliott, as to the number of members, he replied, they were innumerable, but that six yards of those beautiful black and brown ribbons have been pinned on deserving chests. He also estimated that at least twelve more yards of ribbon would be worn by "the boys" by the end of the week. "Ole" also states that there is absolutely no politics in this organization. The membership depends upon "qualification." The officers of this society are appointed according to their "experience." It seems that experience, wisdom and strength are necessary factors for qualification. It is also hinted that it is necessary to show good taste in pursuit of pleasure and choice of happiness.

The history of this very choice society begins in the early fall of last year. It was one of those warm days when one's mind wanders from work to the brighter (rather darker) and happier things of life. Seated on H. & S. bench were the following: "Ole" Elliott, Pem Gordon, "Dusty" McDonald, Eddie Griswold, Otto Eble, Sam Zook, "Lightning" Neal, Joe Wanenmacher, and other "notables." These men are the founders and charter members of this estimable society. Although, as stated before the membership has now exceeded all bounds.

The society plans to hold a convention in a St. Louis hotel this summer, the summer time being the most en-

joyable and delightful time of the year to pursue their worthy object.

It is believed that this order will soon unite all the students of M. S. M. in their close band of brotherhood. We wish them luck.

CITY OF ROLLA BUYS

FIRE TRUCK.

On Thursday, April the 12th, Long's garage received an enormous package, which was soon unwrapped, and to the surprise of the crowd that was watching, a little red fire wagon was all that the package contained. It was later learned that this was to be Rolla's new fire department. The beautiful wagon with all of its magnificent shining trimmings was put in the salesroom of the garage, where it could be easily seen and admired by the city's many inhabitants.

Friday, the following day, the new fire department let the city know that it could "strut its stuff" by having a mock fire. So at five o'clock in the afternoon the fire whistle blew, and the clang, clang, clang of a fire bell along with the steady purr of a motor was soon heard. Then it was only a matter of seconds until the little red gimmering wagon shot around the corner of the Honky Tonk, and dashed madly to the pile of flaming boxes in the open lot on Ninth St., between Pine and Elm. In a moment the hose was jerked from its position, and a certain amount of pressure was generated in the chemical tank. In another moment a stream was shooting from the nozzle, and the flames were immediately extinguished. This was a great surprise to the many spectators, and made them all feel that their homes were now safe.

Although the "Studes" of M. S. M. will be cheated out of their jobs as fire chiefs, and the fact that there will be no pajama parades at three o'clock in the morning, along with the general razzberry, Rolla's new fire department is probably the best investment that the city has made in several years.

ENLARGING

PAY BY CHECK

One of our depositors found that facts had been misrepresented in a business deal. He makes it a habit to pay by check, and he had handed over a check in this transaction.

He immediately called us up and asked that we stop payment on the check.

He could not have done this if he had handed over cash.

Pay by check for your convenience and protection.

HARRY S. WITT

WISH HIM LUCK.

"Doc" Armsby is the proud possessor of a lease on one of the Grant Apartments, and is busy buying furniture. Well, Doc, we wish you luck, but we would like to have more information as to who is to occupy the place. Will it be one person, or two? And will the second person be of the male or female sex? If it is possible we would like to extend congratulations to the future Mrs. H. H. A.

O. K.

VOCATES.

George Farrell, Rex Morris and Kilypatrc attended a dance at St. James one evening last week. They reported a "hilarious" time.

Mike Corriden, W. F. Brooks, Fred Holloway and R. J. Cunder left last week to accept positions with the Missouri State Highway Commission. We wish them the best of luck.

William Davis, R. Wakeland and Pat White were visitors in St. Louis last week end. They report a pleasant time.

Any one desiring information on cost accounting see Ray Nolen, (cost accounting expert.)

The sale of hair dye has been increased a very large degree since "Mucky" Richardson has endeavored to grow a mustache.

Parker and Coffman made their four regular trips to Cuba last week. We wonder how long they will be able to hold up at this rate of speed.

Freddie Matlack is given up to be one of the nicest boys in town. His only failing is that he talks rather common at times. However, with the right environment he may in time overcome this failing.

Mike Bratcher has moved from the L'Abri Club, owing to a slight difficulty he had with the club mascot. Mike says he is not fond of animals anyway.

George Berry wilfully and maliciously resigned from the newly established campus organization. He refuses to give his reasons, but it is whispered that a girl is at the bottom of it all. Young men at this day and age should take these things with all seriousness. We do not doubt that when he met the requirements for eligibility that he was serious to a startling degree.

E. A. Smith was in St. Louis last week owing to the death of his sister-in-law. The class extends their heartfelt sympathy.

Etsel Snider has been absent for this past week, owing to the death of his father at Kahoka, Mo. We extend our sympathy.

Mrs. C. H. Lindsley left for Iola, Kansas, last week. She intends to make an extensive visit. Her husband is wearing a smile that won't come off.

He (making the time-worn excuse): I'm afraid we'll have to stop here; the engine is getting pretty warm.

Fair Companion: You men are such hypocrites; you always say the engine.

—Colgate Banter.
